related crime the draft international convention to enhance protection from cybercrime and terrorism and the draft code on peace and security in cyberspace the book further examines policy and regulatory responses to cybersecurity in the us the uk singapore india china and russia it also looks at the african union s regulatory response to cybersecurity and renders an analysis of the draft african union convention on the establishment of a credible legal framework for cybersecurity in africa the book considers the development of cybersecurity initiatives by the economic community of west african states the southern african development community and the east african community and further provides an analysis of national responses to cybersecurity in south africa botswana mauritius senegal kenya ghana and nigeria it also examines efforts to develop policy and regulatory frameworks for cybersecurity in 16 other african countries algeria angola cameroon egypt ethiopia gambia lesotho morocco namibia niger seychelles swaziland tanzania tunisia uganda and zambia nigeria is used as a case study to examine the peculiar causes of cyber insecurity and the challenges that hinder the regulation of cybersecurity in african states as well as the implications of poor cybersecurity governance on national security economic development international relations human security and human rights the book suggests several policy and regulatory strategies to enhance cybersecurity in africa and the global information society with emphasis on the collective responsibility of all states in preventing trans boundary cyber harm and promoting global cybersecurity it will be useful to policy makers regulators researchers lawyers it professionals law students and any person interested in seeking a general understanding of cybersecurity governance in developed and developing countries

the nigerian telecommunications industry has continued to grow in a phenomenal manner following market liberalization reforms that commenced in the 1990s as of 2017 the telecommunications industry was one of the fastest growing economic sectors in nigeria and the fourth largest contributor to the country s gross domestic product the telecommunications industry however remains a highly technical and naturally dynamic industry that has not been a usual area for legal research in developing countries such as nigeria this book bridges that gap in knowledge by providing an analysis of the legal and policy instruments that regulate the industry it comprises eleven chapters that discuss the historical evolution of telecommunications and its regulation the development of the nigerian telecommunications industry from 1886 to 2017 the legal basis for the regulation of the industry the licensing and duties of service providers the regulation of network infrastructure the protection of consumers the regulation of competition interconnection universal access and environmental protection and the resolution of industry disputes this book will be useful to policy makers legislators regulators lawyers law students investors operators and consumers as well as any person interested in the nigerian telecommunications industry

since the revolution in modern telecommunications that followed the invention of the telegraph telecommunication networks have provided channels for the fast delivery of communications across national borders this transnational nature of telecommunication

networks have led to the establishment of international regulatory regimes on the subject on the other hand developing countries consider regional economic integration as a major strategy for promoting trade and development telecommunications have been seen within this context as a strategic tool for facilitating regional economic integration this has also led to the establishment of regional telecommunication regulatory regimes that aim to promote regional integration and regulatory harmonization this book discusses telecommunication regimes established by international and regional organizations such as the united nations the international telecommunication union the world trade organization the african union the economic community of west african states and the southern african development community among a number of others it will be relevant to policy makers regulators lawyers law students investors and telecommunication operators as well as any person interested in international and african regional telecommunication regimes

first multi year cumulation covers six years 1965 70

uchenna achebe was born out of wedlock into the cold arms of poverty he grew up in the abandoned forest of amigbo his life testified to the reality of the changing nature of human fortunes as uchenna later became one of the strongest pillars of his society serving as a parish priest at one of the parishes in offornaogu he encountered the light and the dark in a bid to unravel the mystery surrounding the prophecies of the gods he found himself in a dilemma to choose between the quest and the desire the desire having occupied the innermost part of his thought became his undoing and the forces of the dark which he set to destroy turned him into an unwilling tool against the light an illegitimate child deemed unworthy of the gods might be his only hope if the prophecies of the gods had anything to go by the stage was set for a showdown only the gods could foresee the chains hidden in the desire of the crosier

this book an aeroplane again narrates a touching story about a war in one of the countries in africa it is different from other books that tell stories of that war this is because it leaves out the shooting and violence that characterized that war but tries to portray its aftermaths it is an emotion laden story of a boy osita a genius of some sort violet a very industrious mother and wife dee eze managing director of a british trading firm based in lagos nigeria young sam ltd who got married to a former winner of a beauty contest dee jerom and others dee jerom dee eze and sam ltd are friends and rich trouble began when ositas father tasie suddenly dies in the middle of the war will he survive the death of his father and familys bread winner so early in life how would violet fare as a widow and mother what is the fate of dee eze dee jerom sam ltd and others
